

SOFTWARE UPGRADE & MAINTENANCE AGREEMENT

System Version 2.0 Deployment & Ongoing Service Level Agreement (SLA)

Date of Agreement:	September 09, 2026
Client / Institution:	Sophisticate Intensive Classes / School Administration
Service Provider:	Lead Software Engineer & Systems Architect
Project / System:	School Management & Student Portal System (Upgrade to Version 2.0)

1. PURPOSE OF AGREEMENT

This Agreement governs the provision, deployment, and ongoing technical maintenance of the **Version 2.0 System Upgrade** for the Client's School Management & Student Portal System. This agreement replaces all prior informal understandings regarding Version 1.0 maintenance.

2. SCOPE OF VERSION 2.0 UPGRADE DELIVERABLES

The Service Provider has engineered and delivered the following major system capabilities:

- **Fee-Gated Resource Protection Engine:** Strict server-side access control restricting viewing and downloading of uploaded academic resources based on student fee settlement thresholds (under 50% vs. 50%+ paid).
- **In-Portal Secure Document Reader:** Integrated canvas reader preventing direct external link leakage and browser toolbar downloads for restricted accounts.
- **Dynamic Weekly Timetable Management:** Transitioned schedule engine from static semester timetables to date-specific weekly schedules with a 1-click week duplication tool.
- **System Security & Hardening Overhaul:** Implementation of HTTP security headers (Anti-Clickjacking, MIME-Sniffing prevention), upload filetype whitelisting, and brute-force login throttling.
- **Database Migration & Data Preservation:** Seamless migration of all existing student, enrollment, and grade records to the Version 2.0 schema without data loss.

3. FINANCIAL TERMS & PAYMENT SCHEDULE

The Client agrees to pay the Service Provider according to the following schedule:

SERVICE ITEM	PAYMENT TYPE	AMOUNT (MWK)
--------------	--------------	--------------

Version 2.0 Upgrade, Migration & Deployment Full codebase upgrade, security hardening & server installation	One-Off Payment (Upon Delivery)	MK 350,000
Monthly System Maintenance & Support Retainer Cloud backups, uptime monitoring, bug fixes & technical support	Recurring Monthly Fee	MK 70,000 / month
Initial Deployment Amount Payable:		MK 350,000

4. SCOPE OF MONTHLY MAINTENANCE SERVICES (MK 70,000 / MONTH)

The ongoing monthly retainer covers the following operational services:

- **Cloud Database Backups:** Routine database snapshots and cloud synchronization monitoring to ensure zero data loss.
- **System Health & Security Monitoring:** Continuous monitoring of server response, storage integrity, and error logs.
- **Corrective Bug Fixes:** Immediate investigation and resolution of any unexpected system errors or bugs reported by staff or students.
- **Administrative Technical Support:** Direct priority technical support (via Phone, WhatsApp, or Email) during normal administrative working hours.

Exclusions: Building brand-new, unrelated functional modules (e.g., separate payroll or inventory modules) will be quoted separately as distinct projects.

5. DATA SECURITY & CONFIDENTIALITY

The Service Provider agrees to maintain strict confidentiality regarding all student records, examination results, fee collection figures, and institutional data. No client data will ever be shared, sold, or exposed to third parties.

6. TERM & TERMINATION

The monthly maintenance retainer shall commence upon deployment and continue on a month-to-month basis. Either party may terminate the monthly maintenance retainer by providing thirty (30) days written notice.

7. ACCEPTANCE & AUTHORIZATION

By signing below, both parties acknowledge and accept the deliverables, terms, and payment schedules outlined in this Agreement.

FOR THE CLIENT (School Administration):

Authorized Representative Name:

Title / Designation:

Signature: _____ Date: _____

FOR THE SERVICE PROVIDER (Developer):

Developer Name:

Title: Lead Software Engineer
Signature: _____ Date: _____
