

SOPHISTICATE INTENSIVE CLASSES

System Handover, Feature Breakdown & Upgrade Invoice (Version 2.0)

MAJOR SYSTEM RELEASE · PRODUCTION READY

Date:	September 16, 2026
Client Institution:	Sophisticate Intensive Classes — School Administration
Project / System:	School Management & Student Portal System (Upgrade to Version 2.0)
Status:	Completed, Fully Tested & Deployed

1. EXECUTIVE SUMMARY & UPGRADE OVERVIEW

This document serves as the formal handover breakdown and billing agreement for the delivery of the **Sophisticate Intensive Classes Portal Version 2.0**. Version 2.0 is a major system overhaul specifically engineered to automate class timetabling, protect tuition revenue through fee-gated resources, introduce online examinations, and secure all school records with off-site cloud backups.

2. COMPLETE BREAKDOWN OF WHAT WAS BUILT & DELIVERED

FEATURE MODULE	WHAT WAS BUILT & DELIVERED	BUSINESS VALUE TO SCHOOL
1. Supabase Cloud Backup & Storage	Automated daily off-site cloud sync of the complete database (students, fees, grades, timetables) plus dedicated cloud storage for all study files.	Zero Data Loss: Protects school from hardware failure or laptop theft. Complete instant recovery.
2. Fee-Gated Resource Protection	Server-enforced access locks: Students who have not paid fees cannot view resources; under 50% paid can view in a protected reader; 50%+ paid can download.	Revenue Protection: Forces students to clear outstanding school fees before getting access to lesson notes and past papers.
3. Dynamic Weekly Timetables	Date-specific weekly schedule manager with classroom conflict detection, week navigation, student view, and 1-Click Week Duplication .	Time Savings: Eliminates paper schedule chaos and saves administrative time each week.
4. Interactive Quiz & Testing Engine	Online testing engine with multiple question types (MCQ, True/False, Short Answer), randomized pools, timed tests, instant auto-grading, and answer review controls.	Exam Automation: Saves teachers dozens of marking hours and gives students instant grade analysis.
5. Enterprise Security Hardening	Removed public self-registration (admin-controlled only), 1-click student deactivation switch, HTTP anti-tamper security headers, and brute-force login limits.	Unhackable Integrity: Strict role separation and absolute privacy for student grades and financial records.
6. Desktop & Mobile PWA App	Installs directly on Windows PC, Mac, Android, and iPhone with offline shell caching and automatic version update detection.	Modern App Experience: Works fast on any smartphone, tablet, or desktop computer.

3. FINANCIAL INVOICE & PAYMENT BREAKDOWN

The commercial fee for the engineering, security hardening, cloud integration, data migration, and deployment of Version 2.0 is structured as follows:

ITEM DESCRIPTION	PAYMENT TYPE	AMOUNT (MWK)
Version 2.0 System Upgrade & Cloud Infrastructure Full delivery of Weekly Timetable Module, Fee-Gated Resource Engine, Quiz Platform, Supabase Cloud Database & Storage, Security Overhaul, and PWA Application.	One-Off Upgrade Fee	MK 300,000
Monthly Cloud Maintenance & Technical Support Retainer Daily automated cloud backups, continuous database optimization, error monitoring, and priority technical support.	Monthly Retainer (Optional Ongoing)	MK 70,000 / month
TOTAL UPGRADE AMOUNT DUE (UPON DELIVERY):		MK 300,000

Payment Terms: The upgrade fee of **MK 300,000** is payable upon receipt of this document and handover of Version 2.0. Bank transfer or Airtel Money / Mpamba mobile payment details will be provided.

4. SCOPE OF ONGOING MONTHLY MAINTENANCE (MK 70,000 / MONTH)

The ongoing maintenance retainer includes:

- **Automated Cloud Backups:** Nightly cloud sync monitoring to guarantee data safety.
- **Error & Bug Resolution:** Immediate technical troubleshooting for any reported issues.
- **Administrative Assistance:** Support with academic year rollover, term setup, and bulk enrollments.

5. ACCEPTANCE & HANDOVER AUTHORIZATION

By signing below, the School Administration confirms receipt of the Version 2.0 System Upgrade and approves the billing schedule above.
